## **Provider Registration**

Registration is the recognition given by the Board to an education and training provider to deliver post compulsory education training (PCET) courses of study to specified standards.

It is an evaluation of the capability of an organisation to provide and maintain a well organised , sound and stable learning environment.

## **Programme Accreditation**

TNQAB' s programme accreditation processes are used to confirm the provider' s capability to offer a programme of learning leading to the award of the qualification. These processes include the registration of the qualification on the TQF
